Description:

This brand new villa sits amongst tall olive trees on the outer limits of Pirgos, a little hamlet with a long name 15 mins walk from the bustling village of Maleme. Combining an uncluttered and modern interior with an external finish embellished by touches borrowed from the ancient Minoan era, the resultant cocktail of decorative themes creates a totally unique style. Dark clay colours rub shoulders with pale creams and pastel shades both inside and out, where they contrast strikingly with the light blue water of the pool.
